CCTV SECURITY SYSTEM

Upgrade your CCTV system with the latest technologies and equip the security department with video surveillance analytics and AI to efficiently track persons-of-interest and VIPs.

OUTDOOR LED WALL / PA SYSTEM

Post advisories and emergency notifications to DPWH constituents and/or the public through the LED wall, which can be centrally and remotely managed. Reinforce the agency's branding, accomplishments and recognitions, and post welcome greetings and other announcements.

INTEGRATED COMMUNICATION, NOTIFICATION & SECURITY SYSTEM

An integration of key systems — communication, safety & security, and notification systems in a synchronized manner, to help organizations in their daily operations; especially in emergency situations.
