

Video Surveillance and Analytics

Comspec continues to adapt to what the market needs and requires as your one-stop provider for ICT, AV, and Safety and Security solutions. Upgrade and maximize your video surveillance with **Video Content Analytics**. Our solutions help organizations observe the inew normalâ guidelines and protocols as well.

- Review hours of video in minutes and rapidly inpoint objects of interest
- Search and filter objects and events of interest by meta data such as men, women, children, and vehicles with speed and precision using face recognition, appearance similarity, color, size, speed, patch, direction, and dwell time.

REVIEW

- Trigger a call to action for real time alerts
- Proactively respond to situational changes in the environment

RESPOND

- Gain operational intelligence from the extracted and aggregated video metadata enabling users to quantitatively analyze their video derive actionable insights for data-driven safety.

RESEARCH

OTHER APPLICATIONS

- TRAFFIC VIOLATIONS
- VEHICLE PLATE RECOGNITION
- INVESTIGATIONS
- BLACKLIST / WHITELIST
- TARGETED MARKETING
- AND MORE

EFFICIENT CONTACT TRACING

Traces diagnosed individuals, through accurate Face Recognition, Appearance Similarity and Proximity Identification to notify at risk individuals and engage in safety protocols.

ENFORCE PHYSICAL DISTANCING

Quantify and analyze distance between individuals and locations over time to identify non-compliance with Physical and Social Distancing mandates.

FACEMASK DETECTION

Forensically search and identify face mask usage across video. Detect and alert when face masks are detected, or not detected on an individual.

MANAGE OCCUPANCY

Monitor the number of people in a space to comply with occupancy regulations and ensure public safety.

REDUCE CROWDING AND HOTSPOTS

Monitor object movement, behavior trending, hotspots, and object interactions to prevent crowding in certain areas.

MANAGE BUILDING MAINTENANCE & CLEANING

Enable count-based alerts for area entryways and triggering notifications for cleaning crews when more than a certain number of people has entered the space.

Comspec is a systems integrator and a solutions provider specializing in Information and Communications Technology, Safety and Security, Audio-Visual Solutions and Emerging Technology. The company has successfully built and maintained strong relationship with clients being in the industry for more than 25 years.
