

# Data Center Solution

As your one-stop provider for ICT, AV, and Safety and Security solutions, Comspec understands the need for an efficient, organized, and secure Data Center. Our Data Center Solutions are scalable and can be tailor fit to your space and requirements.

Quality and durable racks, cabinets, and other peripherals for proper cable management and organization

Reliable network performance with Networking LAN, WLAN, Wireless infrastructure, Cabling

Power Back-up Protection to protect critical systems, especially in times of power outage, disruption, fluctuation, and surges from lightning. On regular days, provide reliable energy distribution

IT / Network / Cyber / Endpoint Security to detect and protect against future threats

Physical security to ensure no tampering, prevention from damage, and controlled access

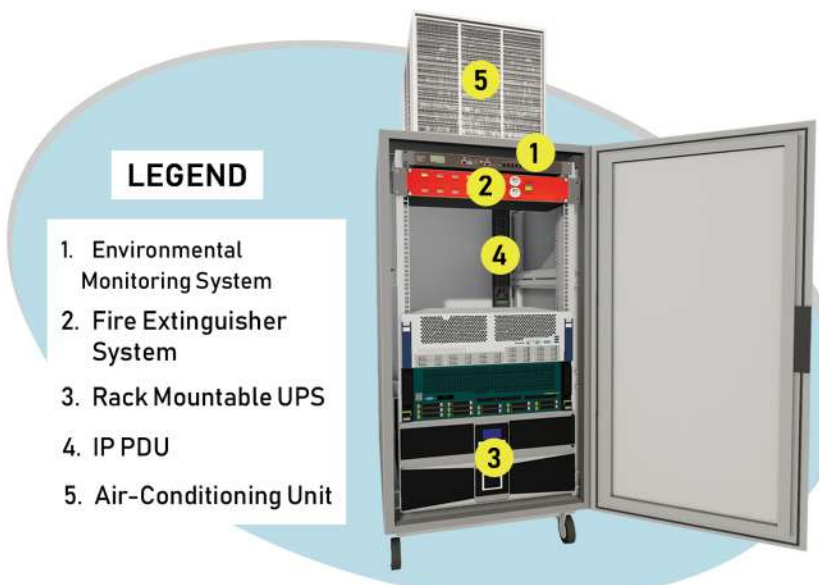

NTP clock synchronize and provide accurate time for all connected systems

LEGEND	
1	RACKS / CABINETS / RACEWAY / CABLE MANAGEMENT
2	POWER BACK-UP PROTECTION 2a. POWER DISTRIBUTION UNIT (PDU) 2b. UNINTERRUPTIBLE POWER SUPPLY (UPS) 2c. TRANSIENT VOLTAGE SURGE SUPPRESSOR (TVSS) / LIGHTNING ARRESTER 2d. GROUNDING / BONDING 2e. INVERTER 2f. GENERATOR 2g. BATTERY BANK
3	PRECISION AIR CONDITIONING UNIT (PACU)
4	FIRE SUPPRESSION
5	PHYSICAL SECURITY 5a. ACCESS CONTROL 5b. CCTV 5c. INTERCOM / PAGING
6	ENVIRONMENTAL MONITORING / VESDA
7	NTP CLOCK

## MICRO DATA CENTER

LEGEND	
1.	Environmental Monitoring System
2.	Fire Extinguisher System
3.	Rack Mountable UPS
4.	IP PDU
5.	Air-Conditioning Unit

- Can be controlled remotely
- Cost effective, energy efficient data center that can be deployed rapidly
- Portable: can be installed on wheels making it easy for it to be moved to different locations
- Keeps mission critical data in secure environment, increases data and hardware protection and allows business continuity via integrated fire suppression and EMS systems
- Suitable for standardized deployment for branch offices / remote hubs
- Can be used for disaster recovery
- Also suitable for SMEs

Comspec is a systems integrator and a solutions provider specializing in Information and Communications Technology, Safety and Security, Audio-Visual Solutions and Emerging Technology. The company has successfully built and maintained strong relationship with clients being in the industry for more than 25 years.
