# INTEGRATED COMMUNICATION, NOTIFICATION & SECURITY SYSTEM

An integration of key systems — communication, safety & security, and notification systems in a synchronized manner, to help organizations in their daily operations; especially in emergency situations.

## CCTV

## IP-PABX

## DIGITAL SIGNAGE

## MASTERCLOCK

## PA & PAGING SYSTEM

## NURSE CALL

Make conference rooms more conducive through audio-visual technologies for more efficient and productive meetings. Technologies include large format displays, appropriate sound system, and collaboration devices for seamless on and offline discussions, especially for critical cases.

## AV CONFERENCE SYSTEM

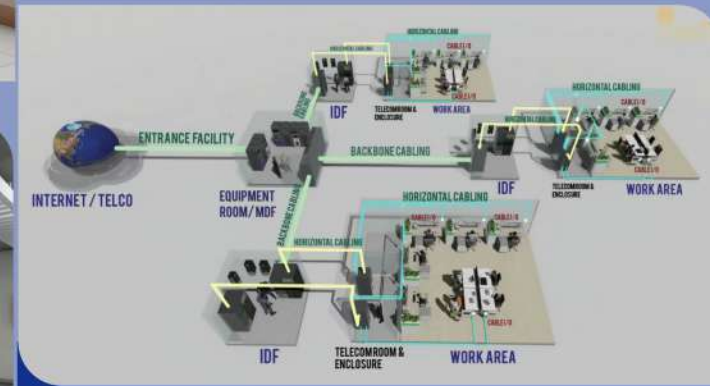

## DATA CENTER INFRASTRUCTURE & TECHNOLOGIES

Hand-in-hand with a reliable network infrastructure and proper cybersecurity in place, is a resilient data center that can easily be scaled to quickly face the rapidly changing business landscape.

Hold programs and larger conferences and meetings in your AVL-equipped Multi Purpose hall. Comspec tailor fits its Multi-Purpose hall solution so operators can manage easily and so participants can see and hear presentations well.

## MULTI-PURPOSE HALL AVL

## NETWORK INFRASTRUCTURE / STRUCTURED CABLING

Having a reliable network is a standard. Make sure your hospital and facilities are future-ready in terms of network infrastructure.
