

Audio Mass Notification & IP-Paging Solution

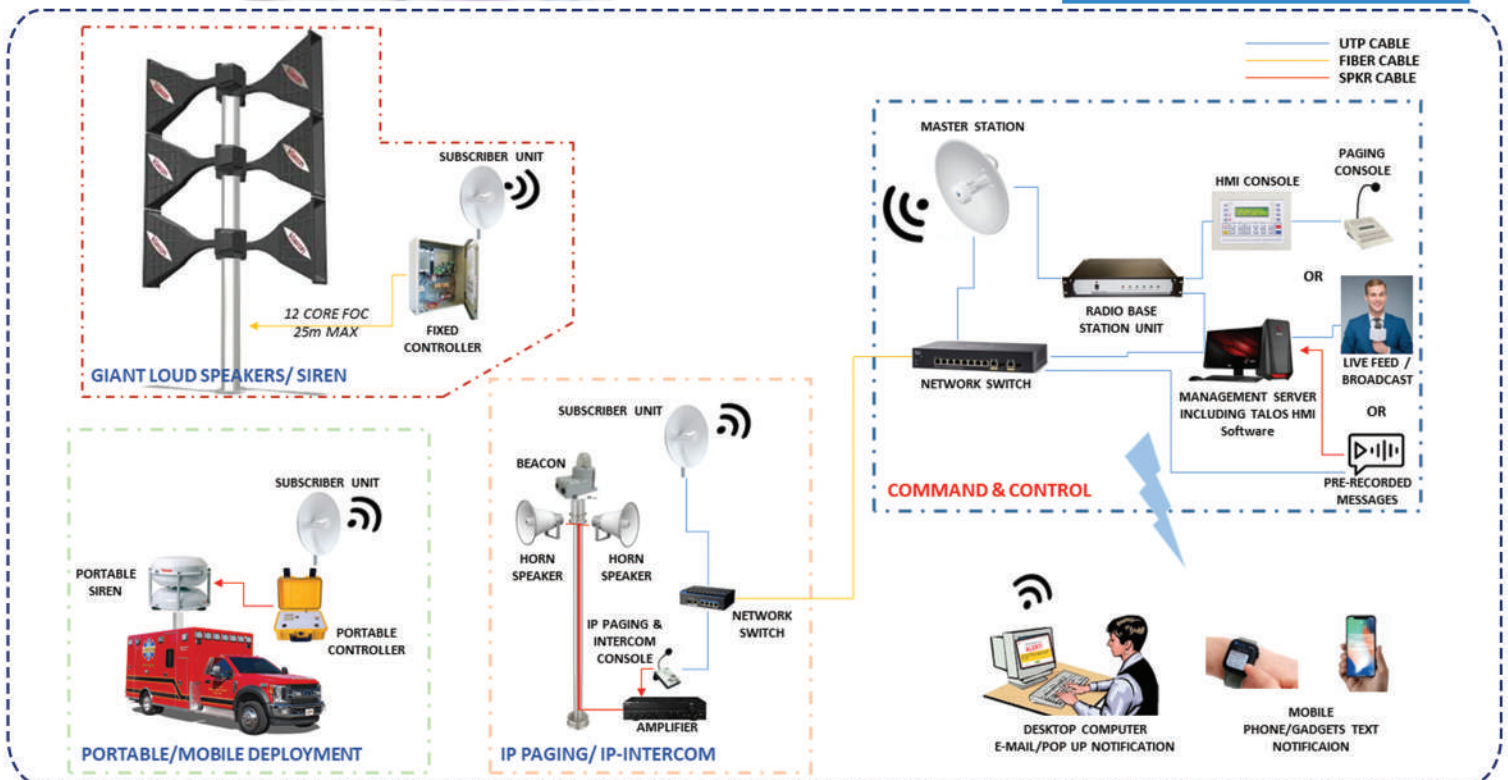

Comspec continues to adapt to what the market needs and requirements as your one-stop provider for ICT, AV, and Safety and Security solutions. Our Audio Mass Notification System helps organizations observe the "new normal" guidelines and protocols.

APPLICATIONS

SYSTEM ARCHITECTURE

- Provide clear and audible sound throughout the whole area, whether indoor or outdoor, open or enclosed space
- Make use of templates or automated alerts to signal various situations
- Can be controlled centrally and remotely
- Industrial grade equipment that will withstand various weather conditions
- Announce up-to-date information
- Send notifications through e-mail or text
- Real time / Live communications can be done thru cellphone or IP-Paging microphone
- Simultaneously integrate with outdoor Giant Voice, portable / mobile & IP-Paging speakers
- IP-Paging system (loud speaker & amplifier) can be installed across cities / municipalities
- High level of reliability & audibility
- 2-way and real time intercom throughout the municipality
- Rapid deployable portable system
